Subject: Re: gas wells

We have access to PA IRIS that probably has more information on the re-works. I've got performance evaluations all morning. But Jim is in and I'll see if he can pull the drill records. Are u=you in the office or on the road??

Subject: gas wells

Good morning Karen,

I spent a lot of the weekend charting analytical results and am seeing some correlation with drilling activity. I am relying on a spread titled "Cabot Gas Wells_PADEP_12_0314". It gives spud dates but does mention horizontal drilling or reworking. I have limited info on reworking or remediation from the Cabot presentation October 2011.

Do you have a more detailed database I can have access to?

thanks
Rich
